Treasurers' Sales of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, the owner, prior to sale, may pay the tax arrears and cost. Where this occurs, the land is removed from the tax sale lists.

MUNICIPALITY OF THE CITY OF BRANTFORD, COUNTY OF BRANT

To Wit:

BY VIRTUE OF A WARRANT issued by the Mayor under the Seal of The Corporation of the City of Brantford, to me directed, having date the 7th day of August, 1984, commanding me to levy upon and sell the lands mentioned in the following list for arrears of taxes and costs thereon, I hereby give notice that unless such arrears of taxes and costs are sooner paid. I shall, pursuant to the provisions of the *Municipal Act*, as amended, proceed to sell by public auction the said lands, or as much thereof as may be necessary for the payment of the said taxes and costs at Council Chambers, Brantford, on Friday, the 14th day of December, 1984 at the hour of 2 o'clock in the afternoon.

AND FURTHER TAKE NOTICE that if necessary an adjourned sale will be held at the same place and the same hour of the 11th day of January, 1985 whereat the Corporation of the City of Brantford may purchase any of the lands remaining unsold.

City Treasurer.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 536/84.

Exemption—Ministry of Natural
Resources—MNR-50.
Made—August 16th, 1984.
Approved—August 16th, 1984.
Filed—August 17th, 1984.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL
RESOURCES—MNR-50

Having received a request from the Minister of
Natural Resources that an undertaking, namely:

The activities of providing and operating new fish
culture facilities at the following sites:

1. Tarentorus, District of Algoma, Township of
Tarentorus, Parts of Sections 16 and 17;
2. Harwood, Northumberland County,
Township of Hamilton, Concessions 8 and 9,
Parts of Lots 1 and 2;
3. Lake Simcoe, Simcoe County, Township of
Vespra, Concessions 3 and 4, Parts of Lots 7
and 8;
4. Blue Jay Creek, District of Manitoulin,
Township of Tehkummah, Concession B,
Parts of Lots 29, 30, 31,

be exempt from the application of the Act pursuant to
Section 29; and

Having been advised that if the undertaking is sub-
ject to the application of the Act, the following injury,
damage or interference with the persons and property
indicated will occur:

- A. The Crown will be damaged by the unneces-
sary expense of having to prepare and submit
Environmental Assessments for activities
which are expected to have minimal negative
impacts on the environment.
- B. The public and tourist industry of Ontario
will be damaged by a drop in angler satisfac-
tion and tourism benefits resulting from a
reduction in native fish production unless the
Ministry of Natural Resources proceeds with
the proposed undertaking.
- C. The economically important lake whitefish
fishery in Lake Simcoe may suffer from
extinction within 10 years unless the Ministry
proceeds with the Lake Simcoe fish culture
facility.

Having weighed such injury, damage or interfer-
ence against the betterment of the people of the whole
or any part of Ontario by the protection, conservation
and wise management in Ontario of the environment
which would result from the undertaking being subject
to the application of the Act;

The undersigned is of the opinion that it is in the
public interest to order and orders that the undertak-
ing is exempt from the application of the Act for the
following reasons:

- A. Existing fish culture facilities are not capable
of meeting the increased production required
to maintain and rehabilitate existing fish
stocks.

- B. Stocking of lake whitefish must be increased to prevent its extinction in Lake Simcoe.
- C. The Ministry of Natural Resources will construct and operate the exempted facilities in a manner to minimize any potential negative impacts upon the environment and cooperate with the Ministry of the Environment in any necessary monitoring to ensure acceptable effluent levels.

This exemption is subject to the following terms and conditions:

1. This exemption does not apply to the acquisition of properties other than those listed below:
 - (a) Lake Simcoe Fish Culture Facility, Part of Lot 7, Concession 4, Township of Vespra in Simcoe County;
 - (b) Blue Jay Creek Fish Culture Facility, Part of Lots 29 and 30, Concession B, Township of Tehkummah in Manitoulin District.
2. MNR shall have applied for and received permits and certificates of approval under section 20 (taking of water) and section 24 (sewage works) of the *Ontario Water Resources Act* or have applied therefor and

received written advice from the Director that it will receive them if certain conditions are met for each fish culture facility before commencing construction of water supply facilities or sewage works and before taking any water for fish culture purposes and shall not construct or operate a facility except in accordance with the applications, permits and approvals or conditions as they may be amended from time to time.

3. Construction activities for the projects which are the subject of this exemption shall be carried out in accordance with the Ministry of Natural Resources Construction and Mitigation Handbook for Ministry of Natural Resources Class Environmental Assessment Projects, November 1982. These requirements shall be included as part of the contract specifications for any contracts which are let for the construction of the facilities.
4. Any fish culture facility which forms part of the undertaking which is exempt under this order may not be constructed unless construction of that fish culture facility commences prior to July 1, 1987. O. Reg. 536/84.

11.2.1.2. Where an existing building system is extended, the extension shall comply with Subsection 11.2.2.

11.2.1.3. The existing structural floor framing system shall be adequate to support the intended floor loads.

Subsection 11.2.2. New Building System

11.2.2.1. Except as provided in Subsections 11.2.3. and 11.2.4., the design and *construction* of a new building system or an extension to an existing building system shall comply with the appropriate Parts of the Code.

Subsection 11.2.3. Compliance Alternatives

11.2.3.1.(1) Except as permitted in Sentence (2), a Compliance Alternative to a requirement of Part 3 shown in Table 11.2.3.A., may be substituted for such requirement where it is demonstrated to the *chief official* that compliance with the requirement is impracticable because,

- (a) of structural or *construction* difficulties; or
- (b) it is a threat to the preservation of a heritage *building*.

(2) Compliance Alternative A10 of Table 11.2.3.A. may be used for a Part 3 *building* without the demonstration required in Sentence (1).

(3) A Compliance Alternative to a requirement of Part 9 shown in Table 11.2.3.B. may be substituted for the requirement without the demonstration required in Sentence (1).

Subsection 11.2.4. Alternative Measures

11.2.4.1.(1) An Alternative Measure to a requirement of Part 3 may be proposed and may be substituted for the requirement where it is demonstrated to, and is accepted by the *chief official* that compliance with the requirement of Part 3 and the Compliance Alternatives to the requirement shown in Table 11.2.3.A. is impracticable because,

- (a) of structural or *construction* difficulties; or

SECTION 11.3 PERFORMANCE LEVEL

Subsection 11.3.1. General

11.3.1.1. The performance level of a *building* after *construction* shall not be less than the performance level of the *building* prior to *construction*.

Subsection 11.3.2. Increase in Occupant Load

11.3.2.1.(1) Except as provided in Sentence (2), *construction* that increases the *occupant load* by more than 15 per cent shall be deemed to reduce the performance level of a *building*.

(2) This Subsection does not apply where the new total *occupant load* is sixteen persons or less, except that where the *occupant load* is between ten and seventeen persons, an interconnected system of *smoke alarms* in corridors near stairways is required.

11.3.2.2.(1) Sentence 11.3.2.1.(1) does not apply where the increase in *occupant load* has been compensated for by compliance with the relevant requirements for,

- (a) *access to exit* widths based on *occupant load* in Subsection 3.3.1. or 9.9.3.;
- (b) *exit* widths based on *occupant load* in Subsection 3.4.3. or 9.9.3.;
- (c) *exit* signs in Subsection 3.4.6. or 9.9.10.;
- (d) lighting of *exits*, lighting of *access to exits* and emergency lighting in Subsection 3.2.8. or 9.9.11.; and
- (e) fire alarm system in Subsection 3.2.4. or 9.10.18.

Subsection 11.3.3. Change in Occupancy

11.3.3.1.(1) Where a *building* or part of a *building* is changed to a *residential occupancy*, the *building* or part of the *building* shall comply with the applicable requirements of Clauses 11.3.2.2.(1)(a) to (e).

(2) Where a *building* or part of a *building*, constructed of *combustible construction* is changed to a *residential occupancy* that would be required to be constructed of *non-combustible construction* if it was a new *building*, such requirements shall be deemed to be satisfied provided,

- (a) Compliance Alternative A-10 in Table 11.2.3.A. is used; or
- (b) an Alternative Measure is used that will provide a similar level of safety in Clause (a).

Subsection 11.3.4. Existing Portions of Extended Buildings

11.3.4.1.(1) Except as required in Sentence (2), where a *building* is extended, this Part applies to the performance level of only the existing portion of the *building*.

(2) Where the *occupant load* of the *building* after extension is increased by more than 15 per cent, the *building* shall comply with Subsection 11.3.2.

(2) Subsection 54 (2) of the said Regulation is amended by inserting after "clause (1) (c)" in the first line "or (1) (g)".

10. Clause 55 (g) of the said Regulation is revoked and the following substituted therefor:

Treasurers' Sales of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, the owner, prior to sale, may pay the tax arrears and cost. Where this occurs, the land is removed from the tax sale lists.

THE CORPORATION OF THE TOWN OF SEAFORTH, COUNTY OF HURON

To Wit:

BY VIRTUE OF A WARRANT under hand of the Mayor and the seal of the Corporation of the Town of Seaforth, to me directed, dated the 11th day of January, 1984, commanding me to levy upon the lands listed hereunder for the arrears of taxes due thereon, together with the costs, I hereby give notice that unless the said arrears and costs are sooner paid, I shall, pursuant to the *Municipal Act*, 1980, proceed to sell by public auction the said lands, or so much thereof as may be necessary, to discharge the said arrears of taxes and costs, at the Council Chambers, Town Hall, Seaforth, Ontario, on Thursday the 17th day of January, 1985 at 10.00 o'clock in the forenoon.

NOTICE IS HEREBY FURTHER GIVEN that the adjourned sale, if necessary, shall be held on Thursday the 24th of January, 1985 at 10.00 o'clock in the forenoon, whereat the Corporation of the Town of Seaforth may purchase any and all parcels of land if the price offered is less than the arrears or taxes and costs accrued.

All lands listed herein are patented.

Dated at the Office of the Treasurer, Seaforth, Ontario, the 10th day of September, 1984.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 599/84.

Exemption—Corporation of the Township of Tiny—TINY-TP-1.

Made—September 13th, 1984.

Approved—September 13th, 1984.

Filed—September 20th, 1984.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—CORPORATION OF THE TOWNSHIP OF TINY—TINY-TP-1

Having received a request from the Corporation of the Township of Tiny that an undertaking, namely:

the activity of constructing, operating and maintaining a water supply and distribution system, including two groundwater wells, storage reservoir, pumphouse, watermain, and services connections for the Hamlet of Perkinsfield in the Township of Tiny;

be exempt from the application of the Act pursuant to section 29; and

Having been advised that, if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. Persons living in some 100 homes in the area would be forced to continue to obtain water from their individual wells, which they are concerned may become contaminated by a landfill site and which could result in a health hazard.

Having weighed such injury, damage, or interference, against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The undertaking is not expected to have adverse environmental effects.
- B. The provision of a communal water supply will relieve local residents' concerns about the possibility of contamination of their well supplies.

This exemption is subject to the following terms and conditions:

1. The waterworks shall be constructed as described above or as may be otherwise provided for in an approval issued under the Ontario Water Resources Act.
2. Strict site supervision shall be provided to ensure the enforcement of all protective measures which will be incorporated in all contract documents to limit erosion during construction to a minimum.
3. Construction contracts shall contain provisions that any interference to private well supplies in the area as a result of the construction of the proposed works be remedied by the Contractor(s) to the satisfaction of the Ministry of the Environment.
4. Where an activity which otherwise would be exempt under this Order is being carried out in connection with or is part of an undertaking for which an environmental assessment has been done and approval to proceed received, the activity shall not be exempt under this Order but shall be carried out in accordance with the approval to proceed. ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 600/84.

Exemption—Corporation of the Township of Sydenham—SYDE-TP-2.

Made—September 13th, 1984.

Approved—September 13th, 1984.

Filed—September 20th, 1984.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—CORPORATION OF THE TOWNSHIP OF SYDENHAM—SYDE-TP-2

Having received a request from the Corporation of the Township of Sydenham, that an undertaking, namely:

the activity of constructing, operating and maintaining a water supply and distribution system, for the Hamlet of Leith, located in Parts of lots 32, 33 and 34, Concession A, Township of Sydenham,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The residents of the hamlet will be forced to continue to depend on existing antiquated water systems which experience interruption in supply and deteriorating water supplies.
- B. The homeowners in the area could be exposed to a serious threat to the public health and safety because of the potential for failure of the existing water systems and because of bacterial contamination of the existing water systems.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The proponent advises that the environmental effects of the construction and opera-

tion of the waterworks are expected to be limited and not adverse.

- B. The proposed watermain will be constructed in close proximity to existing road allowances in the Hamlet.
- C. The proponent advises that the residents of Leith have been consulted about the project and residents have indicated their approval for both the project and cost financing.
- D. The pumphouse is located in a rural area and located 215 feet from the nearest residence. Construction operations would only pose short term disruption to the people living in the area.
- E. The small building housing the control equipment would be designed to conform to the natural characteristics of the area.
- F. The proponent advises that the residence owners near the pumphouse have been consulted and agree with the proposal.
- G. The purpose of this Order is to extend for one year the exemption previously issued as O. Reg. 196/83 for this undertaking because construction was delayed while other necessary arrangements were being completed.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this Order is being carried out as an undertaking or part of an undertaking for which an environmental assessment has been done and approval to proceed received, the activity shall not be exempt under this Order but shall be carried out in accordance with the approval to proceed.
2. All formal reports in regard to the undertaking shall be filed at the Township offices for review by the general public.
3. Construction activities within the water environment, Georgian Bay, shall be scheduled and implemented in consultation with the Ministries of Environment and Natural Resources.

Exemption—Ministry of Natural
Resources—MNR-49.
Made—September 21st, 1984.
Approved—September 21st, 1984.
Filed—September 27th, 1984.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL
RESOURCES—MNR-49

Having received a request from the Minister of
Natural Resources that an undertaking, namely:

The activity of acquiring properties listed in Con-
dition 1,

be exempt from the application of the Act pursuant to
Section 29; and

Having been advised that if the undertaking is sub-
ject to the application of the Act, the following injury,
damage or interference with the persons and property
indicated will occur:

- A. Significant biological, geological and recrea-
tional environments will deteriorate unless
protected from inappropriate development.
- B. The public will be damaged by the loss of
anticipated local and regional economic
benefits and enjoyment from potential out-
door recreation activities.
- C. The Ministry of Natural Resources will be
damaged by interference with long-standing
negotiations and efforts to acquire the pro-
perties described in Condition 1, and ulti-
mately by interference with the Ministry's
commitment to protect significant natural
environments and to provide the public with
outdoor recreation opportunities.

Having weighed such injury, damage or interfer-
ence against the betterment of the people of the whole
or any part of Ontario by the protection, conservation
and wise management in Ontario of the environment
which would result from the undertaking being subject
to the application of the Act;

The undersigned is of the opinion that it is in the
public interest to order and orders that the undertak-
ing is exempt from the application of the Act for the
following reasons:

- A. The acquisition of the properties at this time,
by the Ministry of Natural Resources will
ensure the long term protection of the areas'
valuable features.
- B. Significant biological, geological and recrea-
tional environments will be protected by the
acquisition of these areas.
- C. The Ministry of Natural Resources has
undertaken lengthy negotiations to acquire
the subject properties and further delays
could result in the loss of these properties to
the Ministry and the public.

This exemption is subject to the following term and
condition:

- 1. This exemption applies only to the acqui-
sition of those properties listed below and does
not exempt the creation of these areas as Pro-
vincial Parks under the *Provincial Parks Act*
nor any interim management activities which
will result in any changes to the properties.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 641/84.

Exemption—Markham Hydro—MARK-T-1.

Made—September 28th, 1984.

Approved—September 28th, 1984.

Filed—October 10th, 1984.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MARKHAM HYDRO— MARK-T-1

Having received a request from the Markham Hydro-Electric Commission that an undertaking, namely:

the activities of planning, designing, constructing and operating an electrical transformer station on lands to be acquired by Markham Hydro, in Lot 6, Concession 4, in the Town of Markham, to transform electrical current from 230 kV to 27.6/16.0 kV,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The public will be interfered with and damaged because the level of service available from the proponent will be diminished and the efficiency of the distribution system will be affected if the required facility is not in place by the winter of 1985.
- B. The proponent and its customers will be damaged and interfered with by the undue expense required to prepare an environmental assessment for an undertaking which is urgent, is of the minor nature and will have only minimal effect on the environment.
- C. The Richmond Hill Hydro Electric Commission requires two feeder lines presently serving Markham to be diverted by December, 1985, or Richmond Hill would be affected in the same ways as set out in "A" above.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The proponent has advised that the environmental effects of the construction and operation of the transformer station are expected to be very limited and not adverse.
- B. The public and property owners have been made aware of the proposed construction of the transformer station and the proponent advises that there are no public concerns whatsoever.

- C. The preferred site is designated for electrical facilities, including a transformer station, under Ontario Hydro Exemption Order OHK11.
- D. The proponent has initiated pre-submission consultation with the Ministry and will maintain this contact throughout the planning and construction stages.

This exemption is subject to the following terms and conditions:

1. This exemption shall expire if construction is not commenced by June 30, 1985.
2. The property acquired by the proponent shall be sufficient to provide space for landscape screening to limit the visual impact of the equipment and structures located within the transformer station in accordance with standard installation practices of the proponent. Such landscaping shall be commenced concurrent with construction and carried out expeditiously at least to the standards for landscaping in the Ontario Hydro "Class Environmental Assessment for Minor Transmission Facilities".
3. The planning, designing and implementation process for the facility will be made known to the public and property owners in the area.
4. Mitigation of any adverse environmental effects during construction will be undertaken in accordance with Ontario Hydro's "Construction and Site Restoration Guidelines for Transmission Facilities" which have been approved by the Ministry of the Environment. O. Reg. 641/84.
